## What we do:

- ◆ Uphold the Vision, Purpose and Values of SCS Inc.
- ◆ SCS Inc consults with us regarding Policies and Procedures, Continuous Organisational Improvement and Information Sharing.
- ◆ Make recommendations to the Management and Board on matters that we talk about.
- ◆ Promote open and constructive communication between SCS Inc and all other stakeholders.
- ◆ Enable a “grass roots” input into the Strategic Direction of SCS Inc.

## Interesting Facts:

The Summit Advisory Committee was established in 2014 and has empowered people who use SCS Inc services to have a say about how this service is managed.

The Summit Advisory Committee is a key support to the Summit workers, Management and Board. We are not a token committee—we make a difference for important things that affect everybody.

We have a newsletter that is sent to Stakeholders every 3 months to keep them updated on what’s happening at Summit.
